Our house die, your printed stock, and 72 hours equals quick profits!

The "Fast Five" program is for printers/brokers requiring quick turnaround of any of the five most commonly produced, short-run (up to 2000 finished pieces) die press projects. It is based on the use of customer-supplied, pre-printed stock, an unmodified Flex Finishing house die and an automated pocket folder gluer. Folders with coatings incompatible with our hot-melt folder gluer can be manually processed, but they are exempt from this program. Foil stamping and embossing services are also available. For quantities not listed and less than 10,000, multiply the price per unit at the next lowest quantity by your new quantity [Example: The price for 600 folders is (\$119.00/500) X 600 = \$142.80]. For quantities greater than 10,000, call for pricing. * We guarantee to complete your "Fast Five" project within than 72 hours from the receipt of all of your stock or your next job is discounted 15%. We offer a 48-hour service at 1.5 times the above listed pricing and 24-hour service at 2.0 times the above listed pricing. You must mark your order "Fast Five" to receive the program guarantee and pricing. ** Program die lines can be downloaded from www.flexfinishing.com/pages_diepress/diedown.html and are indicated by **F5**.
